# 6 Month Budget Review - Conclusion

## Revenues

- *Property Tax*: Property tax will exceed the adopted line-item budget in FY2023.
- *Sales Tax*: Excellent growth through Q2, which is likely somewhat driven by consumer inflation in routine goods and services, but also growth in the local economy.
- *Use Tax*: Projecting to bring in less than the FY2023 budgeted amount. Staff assuming changes in retail consumer purchasing patterns due to inflationary pressure.
- *Building Permits*: Permits are beginning to pickup, but the revenue budget will likely not be met for FY2023.
- *Interest Earnings*: Higher earnings rate (interest rate set to float with Treasury Bill rate) has allowed for revenues to exceed budget through Q2. Projecting well over the budgeted amount for FY2023.

## Expenditures

- *General Fund Operational Expenditures*: In finishing Q2 2023, city departments are currently fully staffed, which will result in lower vacancy savings in FY2023.
- *Capital Budgets*: Capital budget spending is significant in all funds this year. Multiple budget amendments have been needed to adjust budgets to accommodate spending.
