

Board of Aldermen Request for Action

MEETING DATE: 11/3/2026

DEPARTMENT: Public Works

AGENDA ITEM: Resolution 1643, Authorizing the Mayor to Sign a Lease-Purchase Agreement with NCL for an E60 R2-Series Bobcat Compact (Mini) Excavator.

REQUESTED BOARD ACTION

A motion to approve Resolution 1643, authorizing the Mayor to sign a lease-purchase agreement with NCL for an E60 R2-Series Bobcat Compact (Mini) Excavator for the Streets Department in the amount of \$95,032.90 to be paid in annual lease payments of \$23,697.12.

SUMMARY

The FY27 Budget includes funds to lease a mini excavator for the Streets Department. The proposed lease-purchase agreement with NCL will provide equipment that expands the department's ability to perform excavation and infrastructure maintenance.

The mini excavator will allow Streets Department crews to perform digs in confined areas where the City's larger equipment is less practical. Crews will be able to make smaller, more controlled cuts and limit excavation to the area needed for the work, reducing the amount of material that needs to be removed and replaced. The machine's compact size and interchangeable attachments will give the department more flexibility to handle digging and related maintenance work with one piece of equipment.

The City received five quotes for different brands of mini excavators. The City also evaluated the equipment through demonstrations and found that some models lacked the strength needed for the Streets Department's work. The E60 R2-Series Bobcat provided the necessary strength and offered the best price for the complete equipment package, including all required features and attachments, making it the best fit for the department's needs.

Contract	Amount
Kubota (Without attachments)	\$84,101.82
Bobcat	\$95,032.90
Foley Equipment	\$94,844.99
Heritage Tractor	\$97,399.32
Road Builders	\$105,891.33

Staff recommends approval of the lease-purchase agreement with NCL for the E60 R2-Series Bobcat Compact (Mini) Excavator to support the Streets Department's excavation and infrastructure maintenance needs.
